

The highest quality urological and radiation oncology care delivered with compassion by the region's leading multi-specialty practice

Innovative treatments, advanced technology

A.M.P.'s Board Certified Urologists and Radiation Oncologists deliver care that sets the standard for quality in the region through a network of nine clinical offices in five counties and attending at nine area hospitals.

Established in 2008, Associated Medical Professionals of NY (A.M.P.) provides a full suite of integrated clinical services and comprehensive individualized treatment for its patients, including men's health, women's health and cancer care.

We understand that urological and sexual health issues can range from embarrassing to painful and life threatening. We strive to make our patients feel comfortable by providing them the information and options to make an informed decision.

In addition to its core urology and cancer care services, A.M.P. provides a full complement of integrated urologic services, including radiation oncology, imaging services, in-house laboratory, pathology and cytology services, and in-house dispensary and research department.

Premier urology, radiation oncology and continuity of care in Central New York

For physicians —

A.M.P. ranks in the top urology practices nationally, and our Board Certified Urologists and Radiation Oncologists offer more than fifty specialty services.

We understand that urological disorders are deeply personal. Our care team is known for its compassion, knowledge and support.

Men's Health

If you are experiencing conditions that have a negative impact on your sexual, reproductive or urological health, ask the experts at A.M.P. Along with general urological issues, we offer a full range of treatments for men's health issues, including erectile dysfunction, ejaculatory dysfunction, low testosterone, prostate cancer and Peyronie's disease.

Women's Health

Our medical team understands women's specific urological needs. We are here to help you with a wide range of common and complex urological conditions, including urinary incontinence, pelvic floor disorders, sexual enhancement, vaginal health and other general urological issues.

Specialized Cancer Care

A.M.P. offers advanced oncological and advanced immunotherapy treatment along with over twenty active clinical trial studies. Working with your existing doctors, we will build a plan that gives you the most advanced and appropriate treatments for the cancer you are facing.

Conditions

Whether it's a common urological condition or a more complex issue, the skilled physicians at A.M.P. have the expertise, technology and understanding to provide unmatched care. Our caring and knowledgeable team will make sure you understand your condition and treatment options.

Treatments

At A.M.P., we understand that you deserve the very best treatment for your condition, delivered with care by highly experienced, compassionate doctors and care providers. Our physicians are experts in their field, with specialized training and experience in advanced diagnostics and innovative treatments.

In-House Dispensary

We have an in-house dispensary that dispenses Oral Oncolytics, which allows for improved patient convenience, safety and compliance.
